The Secret Service has just unearthed another band of counterfeiters and accured a quantity of bogus bills, which are very cleverly executed. THE GLASS OF FASHION.

White plaue yachting suits with red collar and cuffs are very effective. The prettiest toques are built of folds with one single ostrich feather

at the side. Black chantilly in applique designs decorates some of the white organdie

gowns exquisitely. Sailor hats made of fancy braid and finished with a band of brown or blue

velvet are very stylish. Old fushioned tatting is coming in again to be used as edge for silk plait-

ings on the much trimmed gowns. Dainty lawn waists in pale blue at pink have a white guimpe of tucked lawn and lace insertion, which also forms the top of the sleeve.

Alpine hats of coarse straw with a affine hats of coarse state with a soft twist of polkn dotted silk gauge or taffeta silk around the crown and some stiff white quills at the side are worn with pique suits.

The taffeta silk cont and skirt, tailor made, is a very stylish costume for general usefulness, and when worn with a white chiffon or lace vest, a sailor knot of lace, and lace falling over the hands, the effect is charming.

Very fine spen meshed veiling is the averite for summer wear. It has favorite for either large dots far apart or no dots at all, and in either case the veils are so thin that they will not serve to disguise a poor complexion.-New York Sun.

Pale blue velvet baby ribbon gathered on one edge and sewn in rows around a white chiffon collar and the upper portion of the chiffon vest is a very dainty bit of color in the bodice of a black and white foulard. Of course the rows are fully a third of an inch apart, which gives a pretty effect.

CAPABLE mother must be a healthy mother. The experience of maternity should not be approached without careful physical preparation.

Correct and practical counsel is what the expectant and would-

Co., Mich., writes:

DEAR MRS. PINKHAM-Two years ago I began having such dull, heavy, dragging pains in my back, menses were pro-fuse and painful and was troubled with leucorrhoea. I took patent medicines and consulted a physician, but received no benefit and could

not become pregnant.

"Seeing one of your books, I wrote to you telling you my troubles and asking for advice. You answered my letter promptly and I followed the directions faithfully, and derived so much benefit that I cannot praise Lydia E. Pinkham's Vegetable Com pound enough. I now find myself preguant and have begun its use again. I cannot praise it

PERLEY MOULTON, Mas. Thetford, Vt., writes:

"DEAR MRS. PINKHAM-I think Lydia E. Pinkham's Vegetable Compound is an excellent medicine. I took several bottles of it before the birth of my baby and got along nicely. I had no after-pains and am now strong and enjoying good health. Baby is also fat and healthy.
